### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Regarding claim 45 (renumbered claim 1), Prior Art fails to disclose the method of converting any of the plurality of circuits from listening to provisioned, converting includes creating a provisioned structure that is empty, retrieving a set of parameters for the circuit from a server external to the network element, populating the provisioned circuit structure with the set of parameters and associating the circuit with the provisioned circuit structure in combination with other limitations set forth in the claim.

Regarding claim 54 (renumbered claim 10), Prior Art fails to disclose the limitation including for each of the circuits currently configured as listening on which a packet is received from one of the subscribers, attempting to provision in the network element that circuit with its set of parameters in the remote database in combination with other limitations set forth in the respective claim.

Regarding claim 61 (renumbered claim 17), Prior Art fails to disclose the limitation of allowing each of the plurality of entities to remotely provision their plurality of circuit s configured as listening through maintenance of sets of parameters in the remote database that are retrieved as needed by the network elements responsive to receipt of packets on those of the circuits configured as listening in combination with other limitations set forth in the respective claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

Art Unit: 2664

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chirag G Shah whose telephone number is 571-272-3144. The examiner can normally be reached on M-F 6:45 to 4:15, 2nd Friday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wellington Chin can be reached on 571-272-3134. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
